

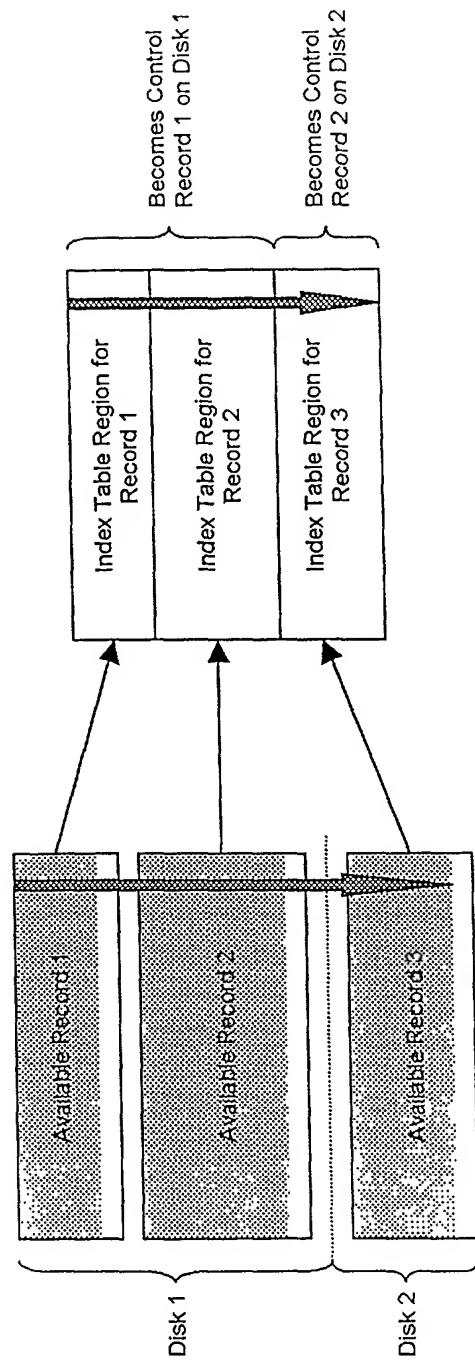

**FIG. 1**

 Indicates portion containing video frames that becomes a Media Record.

↓ Indicates data for a continuous sequence of video frames.

**FIG. 2**

FIG. 3 is a block diagram of a video frame index table and a media record on disk. The diagram shows a "Media Record on Disk" on the left and an "Index Table Region" on the right. A "Reference" arrow points from the "Media Record on Disk" to the "Index Table Region".
